

Invitation

Experts from industry and academia are invited to present their latest developments and the likely future trends at the PCIM 2009 conference (previously unpublished submissions only). PCIM Europe Conference is one of the leading conferences addressing the fields of Power Electronics, Intelligent Motion, Power Quality, Energy Management and topics of common interest.

Here's your chance to showcase your work, share your expertise and start a dialogue with the Power Electronics community. The conference will offer plenty of opportunities for networking, including during breaks, lunch and social events.

Topics of Interest

1. Power Semiconductors
2. Thermal Management and Packaging
3. Control and Drive Strategies in Power Converters
4. Electronic Power Converters
5. Power Electronics in Automotive and Traction
6. Motors and Actuators
7. Embedded Motion
8. Advanced Control Techniques in Intelligent Motion Systems
9. Motion Control
10. Equipment for Testing, Diagnostics and Condition Monitoring
11. Power Electronics in Energy Generation, Transmission and Distribution
12. Renewable Energy Systems
13. Energy Storage
14. Power Quality Solutions
15. Unity Power Factor, Harmonics and Flicker
16. Power Electronics in Utilities
17. Software Tools and Applications
18. Passive Components and New Materials
19. Sensors
20. Metering and Diagnostics and Standards
21. System Availability

Please see www.pcim.de for information on all topics and all subsections.

Key Benefits of Presenting at PCIM

- ▶ Incomparable networking opportunities
- ▶ increasing your knowledge through attending the sessions
- ▶ keeping abreast of the latest developments
- ▶ Unique platform for presenting your company's technical expertise
- ▶ Europe's leading Exhibition for a unique overview of innovative key technologies, problem-specific solutions and the latest trends in the power electronics industry
- ▶ Quality Awards for best papers
 - Best Paper Award 2009
 - PCIM Young Engineer Award 2009
- ▶ All accepted papers to be included in the official proceedings and IET Inspec database

International Exhibition
& Conference for
POWER ELECTRONICS
INTELLIGENT MOTION
POWER QUALITY
12 – 14 May 2009
Exhibition Centre Nuremberg

11 May 2009 Tutorials

Power for Efficiency!

Important Dates:

Submission of abstracts: **20 October 2008**
Notification: **January 2009**
Submission of full manuscript: **9 March 2009**

Online submission at:
www.pcim.de

Advisory Board

General Conference Director
Prof. Alfred Rufer, EPFL, CH

Directors Power Electronics
Prof. Leo Lorenz,
Infineon Technologies China, RC
Dr. Uwe Scheuermann, Semikron Elektronik, D

Directors Intelligent Motion
Prof. Jose Mario Pacas, University Siegen, D
Prof. Helmut Knöll, University of Applied
Sciences Würzburg-Schweinfurt, D

Directors Power Quality/Energy Management
Prof. Johann Walter Kolar, ETH Zürich, CH
Jean-Paul Beaudet, APC-MGE, F

Members:
Bodo Artl,
A Media Bodo's Power Systems Magazine, D
Prof. Ciro Attaianesi, University of Cassino, I
Dr. Paul Bauer,
Delft University of Technology, NL
Dr. Reinhold Bayerer,
Infineon Technologies AG, D
Dr. Joachim Berkemer,
University of Applied Sciences Coburg, D
Werner Berns,
National Semiconductor GmbH, D
Prof. Frede Blaabjerg, Aalborg University, DK
Serge Bontemps, Microsemi PMP Europe, F
Prof. Günther Brauner,
Technical University Vienna, A
Eric Carroll, EIC Consultancy, F
Bruce Carsten, Bruce Carsten Associates, USA
Daniel Chatroux, CEA-LETI, F
Dr. Salvatore Chiama, Consultant, I
Dr. Silvio Colombi, General Electric, CH
Prof. Alfio Consoli, University of Catania, I
Dr. Hilmar Darrelmann, dbr-consult, D
Prof. Enrique J. Dede, University of Valencia, E
George Ellis, Danaher Motion, USA
Dr. Johan Enslin, Quanta Technologies, USA
Dr. Eric Favre, LEM SA, CH
Prof. J. A. Ferreira,
Delft University of Technology, NL
Edward Hopper, Maccon, D
Ionel Dan Jitaru, Delta Energy Systems, USA
Daniel B. Jones, Incremotion Associates, USA
Dr. Ulrich Kirchenberger,
STMicroelectronics GmbH, D
Prof. Philippe Ladoux, University of Toulouse, F
Jacques Laeuffer, Supélec, F
Romeo Letor, STMicroelectronics, I
Prof. Dr. Andreas Lindemann,
Otto-von-Guericke-University, D
Michael Lovell, Consultant, GB
Prof. Josef Lutz,
Technical University Chemnitz, D
Dr. Gourab Majumdar, Mitsubishi Electric, J
Klaus Marahrens, SEW Eurodrive, D
Prof. Yasuyuki Nishida, Nihon University, J
Yasuhiro Okuma, Fuji Electric, J
Prof. Wolfgang Papiernik, Siemens, D
Prof. Nejlila Parspour, University of Stuttgart, D
Dr. Robert J. Pasterczyk, APC-MGE, F
Dr. Joachim Pestka, RWE Systems, D
Prof. Gerhard Pfaff, University of Erlangen, D
Dr. Volker Pickert, University of Newcastle, GB
Dr. Kaushik Rajashekara,
Rolls-Royce Corporation, USA
Chris Rexer, Fairchild Semiconductor, USA
Franck Sarrus, Ferraz Shawmut, F
Andrew Sawle, International Rectifier, GB
Achim Scharf, Techmedia International, D
Prof. Manfred Schrödl,
Technical University of Vienna, A
Dr. Yasukazu Seki,
Fuji Electric Device Technology, J
Christopher A. Soule, Thermshield, USA
Elmar Stachorra,
KoCoS Power Grid Services GmbH, D
Dr. Peter Steimer, ABB, CH
Joel Turchi, ON Semiconductor, F
Dr. Yoshiyuki Uchida,
Curamik Electronics K.K., J
Prof. Alfredo Vagati, Politecnico di Torino, I
Prof. Dehong Xu, Zhejiang University, RC
Prof. Franz Zach,
Technical University Vienna, A

Submission Requirements

Possibilities to present your expertise

Oral presentation: will be held within conference sessions addressing key elements of the same topic

Poster presentation: authors will have the opportunity to present their posters during a special poster/dialogue session

Tutorial: full-day tutorials are supposed to give profound knowledge about special topics. They can be held by one or more speakers.

Conference language

English

Online submission of papers

Please use the online form and pattern for your submission at www.pcim.de. The synopsis/abstract should be submitted as pdf-file and should comprise 3 - 4 pages. Deadline for submissions: **20 October 2008**

Conditions of acceptance

Authors are expected to secure registration fees of 250 EUR + 19% VAT (150 EUR + 19% VAT for students/university staff), travel and accommodation funding through their sponsoring organizations before submitting abstracts. Only original material should be submitted. There is no registration fee for authors organizing a tutorial.

Selection process

All submitted abstracts will be reviewed by the Advisory Board to ensure a high-quality conference. Submitted abstracts may be selected for oral or poster presentation. Notification about acceptance in January 2009.

Awards

Young Engineer Awards

Engineers not older than 35 years may apply for a young engineer award. The awards for the three best papers in this category are 1000 Euro each.

Best Paper Award

»Energy Efficiency in Automotive, Industrial and Mobile Power Electronic Applications«

The award is the participation at PCIM China 2010 in Shanghai including flight and accommodation. This award is sponsored by Power Electronics Europe.

The papers for all four awards will be selected upon the submitted final paper by the conference directors and will be granted to the best applicants at PCIM Europe 2009 Conference.

Venue

Congress Centre West, Nürnberg Messe, Germany
